5 Bedroom, 3.00 Bathroom, 1,334 sqft  
Residential on 0.31 Acres

Mountain View, Hinton, Alberta

This solid 5 bedroom home has amazing character and is situated on a huge lot with no neighbours behind. The main level features a vaulted pine ceiling and benefits from an open concept in the main living area. The kitchen has a sit-up bar and breakfast nook and there's a large dining space as well. This area along with the living room feature light coloured engineered hardwood floors. The main level has 3 bedrooms and there are 2 more in the fully developed basement. In addition, there are 2 wood burning fireplaces, one up and in the basement. Downstairs, there's also a spacious family/rec room, full bath, large laundry room, ample storage space, exercise room, and a sauna. The custom sauna was added in recent years and is a really great extra to this property. Outside, the massive yard is a show-stopper. Measuring 60' wide and 223' deep, to say it's over-sized would be an understatement. There's a newer back deck, landscaping including perennial beds, a walkway, and fruit trees. Plus, there's a 16x20 shed/workshop, alley access with 100' of gravel parking space, and an attached carport and garage. The shingles were done in 2015 and the boiler has been maintained and serviced regularly. This property is one of a kind in today's market!

Built in 1972
