Welcome to a beautifully designed home offering comfort, functionality, and modern style in one of the area's most desirable new communities. The layout quickly opens into an impressive open-to-below concept, allowing natural light to fill the main floor and giving the home a bright, welcoming feel from the moment you step inside. Just beside the entry, you'll find a well-sized main-floor bedroom featuring a large window and full closet, ideal for guests, seniors, or anyone preferring the convenience of ground-level living. A full bathroom with a standing shower is located directly across, making this section of the home highly functional for multi-generational families. A modern slider divider wall provides a stylish separation between the living/family area and the dining space. This thoughtful touch allows flexibility in how you use each room while maintaining an open-concept feel. The kitchen sits at the heart of the main floor, offering excellent workspace, ample cabinetry, and a generous pantry. As you move to the upper level, you're welcomed by a bright and versatile bonus room, perfect for a secondary living area, playroom, or home office. The primary bedroom is a private retreat featuring a spacious layout, a large walk-in closet, and a full bath with a standing shower. This upper floor also includes a well-designed laundry room with a window and shelving, making household tasks more convenient. A common bathroom with a tub and two additional

bedroomsâ€”each with comfortable layouts and natural light that complete the upper level. An added benefit a gas line already installed, offering flexibility for future upgrades or cooking preferences. The separate-entry basement provides significant future potential. Already partially finished by the seller, it includes framing for two bedrooms, a partially set-up kitchen, a roughed-in bathroom, plus a planned den and family room. This lower level is ideal for future development as a rental income, extended family space, or additional living area, allowing the new owners to customize it according to their needs. The front attached garage and driveway allow for 4 vehicles to be parked at all times. On top of everything you will have a peace of mind for having Alberta New Home Warranty for this property. This is a highly desirable community that has amenities such as 15 min drive to the YYC International Airport, 15 min drive to Cross Iron Mills shopping Centre with a potential future LRT station & access from Deerfoot and Stoney Trail.
